Little League and Asphalt Green opening days setPosted on [March 29, 2013](#) by [Editor](#)[f My Page](#) [Like 0](#)[Tweet](#)**March 26, 2013** By Steven E. Greer, MD

From the BPCA board meeting today, it was announced that the ballfield reconstruction is completing, and that opening day will be on April 7th for Little League. Full details will follow.

Regarding Asphalt Green, the amended contract that was close to completion in October, 2012, before the hurricane damage, has been completed. The cost to Asphalt Green from the delays in opening, and the costs to repairing the facility, were both amicably negotiated. Chairmen Dennis Mehiel set May 1st as the date for when Asphalt Green would be allowed to enter the facility and prepare for a full opening date of June 1. If the BPCA does not successfully complete the repairs in time, and the summer camp season is missed, then an extra \$200,000 will be paid to Asphalt Green from the BPCA. Full details will follow.
